WORK EXPERIENCE

JLL – *Incoming Capital Markets Summer Analyst* — San Francisco, CA | Jun. – Aug. 2027

ACORE Capital – *Summer Analyst* — Los Angeles, CA | Jun. – Aug. 2026

- Underwrote 56 prospective deals (~$8B) across data center, industrial, multifamily, retail, self-storage, hospitality, and office
- Modeled cash flows from T-12s and rent rolls, sizing loans to LTV, debt yield, and DSCR through broker Q&A
- Supported 2 of these loans through IC approval and close, drafting quote sheets and IC memo sections
- Built an AI-agent council that reviews third-party reports (appraisal, PCA, Phase I) and flags issues in due diligence

Bregal Sagemount – *Spring Analyst* — Palo Alto, CA | Apr. – May 2026

- Completed partner-led curriculum covering deal origination, financial due diligence, valuation, and LBO modeling
- Sourced and evaluated 6 software companies against Sagemount's investment criteria, presenting target list to partners

NAIOP Silicon Valley University Challenge – *Student Developer* — Palo Alto, CA | Dec. 2025 – Mar. 2026

- Selected as 1 of 4 to represent Stanford; underwrote a 1.2M SF office, multifamily, and retail development to levered equity returns
- Sized construction debt and equity and stress-tested design, cost, and financing assumptions with GC, architecture, and brokerage partners

Los Angeles Rams – *Summer Data Analyst* — Los Angeles, CA | Jul. – Aug. 2024

- Analyzed running-back college and pro play-by-play data to identify draft-round performance correlations

Cimulate (acquired by Salesforce, 2026) – *AI Engineering Intern* — Los Angeles, CA | Jun. – Jul. 2024

- Built memory-tagging for the LLM system and benchmarked new models, cutting compute costs ~60%

AWARDS / ACHIEVEMENTS

Wharton Data Science Competition – *2024 Winner (#1 out of 216 teams)*

- Led a four-person team building a model to predict soccer match outcomes

Wharton's Sports Analytics Journal – *Published Author (2x)*

- Special Edition 2024: Calculating Win Probabilities of Any Matchup of Soccer Teams
- Spring 2024: Evaluating the Impact of NFL Special Teams on Winning
